APS Phoenix
Food Ingredients

Natural Ingredients

APS Phoenix understands that today's discerning customers read labels when purchasing food for their families! To help you meet the demand for high-quality, natural ingredients sourced from the world's best producers, APS Phoenix proudly serves manufacturers and distributors that bring exceptional food products to market.

Companies big and small count on APS Phoenix for on-demand supplies of dried, frozen and freeze-dried vegetables, fruits, grains, beans, seeds, tapioca starch/pearls, concentrates/purees and more! We offer all of the benefits of an international supply network along with the convenience of a single reliable, one-stop source! All of our products are produced in certified plants and recognized by GSFI standards. And we handle all aspects of customs clearance, shipping and delivery directly to warehouses across Europe and the U.S.

APS Phoenix is dedicated to bringing you the fresh and nutritious ingredients your customers demand!
